ABOUT THE ASSOCIATION

Formed in 2005, the purpose of the Whitchurch Association is to serve the local community and enhance the facilities and standing of the town.

As well as managing the Gill Nethercott Centre, the Association aims to work with the local authorities, town council, voluntary and other organisations to:

- provide facilities for social welfare, recreation and leisure
- help to preserve, protect, develop our local environment and improve features of historic or public interest.

It is a charity, run by trustees and its income is generated from events held at the Gill Nethercott Centre, supplemented by grants, donations and membership subscriptions. Although supported by the team who manage the Centre, it relies on volunteers to help it deliver its activities and projects.

MEMBERSHIP BENEFITS

After your first year of membership, 10% discount on all personal bookings at the Gill Nethercott Centre
